Social Activities

At KAE we believe social activities are an important part of learning a language. We offer a weekly Social Programme to suit all tastes. The programme is packed with student get-togethers, sports, trips to museums and historical buildings, attractions and cultural events, as well as weekend excursions to destinations outside London, such as Stonehenge, Oxford and Cambridge. Our Social Programme is designed to encourage you to practise your English language skills and to help you meet new people while exploring London.

Each week at least two activities are free of charge, including a Welcome Walk on your first day to introduce you to the local area. All trips are accompanied by a member of our staff.

Our Social Programme Organiser is on hand to offer advice on how to explore London on a budget and to give you information on specific areas of interest. Special seasonal events are organised throughout the year, offering students a dynamic insight into the United Kingdom's different cultures and traditions.
