GROUP

A New Way Forward Together

Message from Chris Mediratta, CEO

From the time I joined ILSC Education Group over 7 years ago, I was drawn to the group's mission and core values. This year, I am honored to have been promoted to CEO, and I am excited and proud to further the legacy of our founders and

support the work of the passionate teams and partners that bring our vision, mission, and core values to life every day.

ILSC Education Group unites three amazing brands, ELS Education Services, ILSC Language Schools, and Greystone College, each with a unique brand identity and value proposition and together bringing over 100 years of collective experience in international study abroad education. In addition to our diverse programming options outlined in the brochure, the group also provides unique custom solutions to groups from around the world, leveraging our extensive networks and curriculum experience.

In 2024, we celebrated several milestone achievements, including the opening of a new world class location for ILSC and Greystone College in Perth, Australia. In addition to the new school location, we are in the process of making significant investments in updating our facilities and branding in several of our North American schools as part of our commitment to delivering world-class experiences to our students, faculty and partners. We have expanded our certificate and diploma offerings in Canada and Australia to provide more in demand work and study options for our students.

On behalf of the ELS, ILSC, and Greystone College teams, we thank you for your continued support and look forward to welcoming you to study, visit, or experience one of our 30 schools and colleges around the world.

Watch this space as we continue to invest in products, services, and facilities throughout 2025 and beyond.

OUR MISSION

To provide our global community with transformative learning, living, and work experiences by offering the finest language, career, and higher education programs.

WHY CHOOSE ILSC EDUCATION GROUP

ACADEMIC EXCELLENCE

All of our language schools and colleges are committed to academic excellence and have created and developed high-quality programs designed to help you achieve your personal learning and career goals.

- ▶ ELS, ILSC, and Greystone College offer customized curriculum and instructional materials (in partnership with National Geographic, Oxford University Press, and Macmillan Education), and continually adapt our programs to keep them current and to provide the skills you need to succeed in your future higher education studies and/or career.
- ▶ Many of our language teachers have taught with us for more than 15 years and hold CELTA, TESOL, and other teaching certifications, while our college instructors hold bachelor's degrees and bring recent and relevant, real-world experience to their subject matter.
- ▶ Over 700 college, TAFE, and university partners have recognized the quality of our language training methodologies. Many offer conditional admissions to our language students, and some Australian and Canadian partners accept credit transfer from Greystone College, offering advanced placement in diploma and degree programs.

VARIETY OF LEARNING OPTIONS

With ELS, ILSC Language Schools, and Greystone College together, students now have more learning opportunities than ever before. Our wide variety of youth and adult programs are designed to support your language learning and career training goals and cater to vacation learners through to serious academic-focused students, and everyone in between!

The Greystone College Experience

“Now I have a lot of new friends from different countries; we can share our different cultures and it's very interesting. I have had very good teachers who take the time to explain everything. Learning new languages, new cultures, new people is amazing.”

Maria Valentina, Chile
Greystone College Sydney Student

“Don't hesitate. It's a good school; it has a good location, and it's flexible with the hours - it's up to your choice. Everything else is perfect - they have a good kitchen, lots of resting areas, study areas, and a computer room. All you need is in this school. Learning is not an issue for everyone at any age; as long as you want to, you can learn, and as long as you have a good teacher and good classmates to help you out when the brainstorming sessions come through, you can learn. It's never too late to learn.”

"When I was in Turkey, I used to speak English, but I didn't have any confidence. I preferred not to say anything because I was afraid of making a mistake, but after that, when I studied here, I became more confident. Also, I have a lot of international friends, and that's why I'm still improving my English. I'm 100% sure I'm better than before."

UNIVERSITY ADMISSIONS

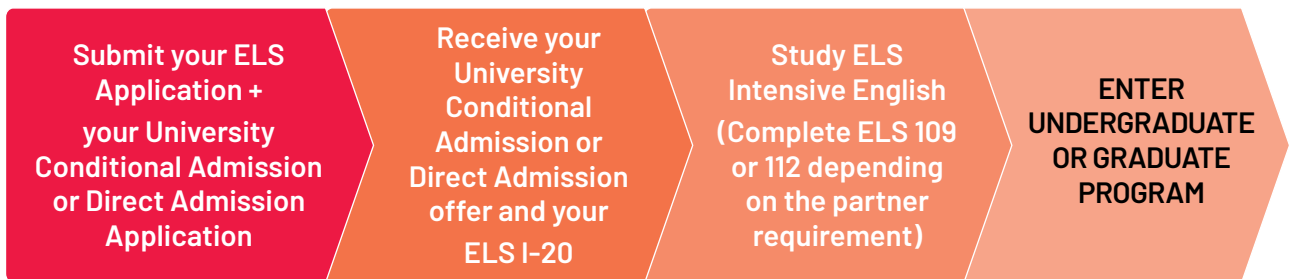

BEYOND ELS

ELS is your first step on the path to success at a university in the USA!

COLLEGE & UNIVERSITY ADMISSION SERVICES

Take advantage of ELS's long-standing partnerships with over 600 college and university partners in the United States. Our knowledgeable staff can support you through the entire process from selecting the right university, to applying for conditional or direct admission, to submitting your English certificate upon completion of your ELS program and heading to university (no TOEFL or IELTS test score required!).

HOW IT WORKS:

Conditional Admission

Before you even leave home to learn English, you can take full advantage of securing your conditional admission to one of ELS's 600+ colleges and universities in the USA. You can apply for conditional admission for either undergraduate or graduate degree programs. A conditional admission means that you have been accepted to your university of choice *upon completion* of your English language studies. Your admission will be updated to a "full acceptance" once you present the university or college with your ELS Certificate of Completion as proof of English language proficiency.

Securing a "conditional admission" is very beneficial to your plans to study in the United States! You will have:

1. A **full study plan** that includes both English language studies and university plans before leaving your home country.
2. A **smooth transition** upon graduating with your ELS Certificate of Completion.
3. An **estimated university program start date** for which semester you will begin your studies.

DIRECT ADMISSION

Do you already meet the English language requirement for your university of choice? ELS can still help you! Through ELS's University Admission Service, you can apply for direct admission to your chosen university so long as you enroll for one session of ELS in person. Work with your counselor today to secure your direct and full admission into your university program of choice and brush up on your English skills while becoming familiar with university life as you prepare for your university studies!

"The academic program prepared me very well for the university. You can go ask any teacher and they will be very happy to help you."

Ali, Saudi Arabia
ELS Student

"It's a program that is focused on your learning in order to achieve your academic goals. So, it's a really serious program if you're coming here, you're going to learn."

Eucario, Venezuela

ELS 2+2 PATHWAY PROGRAM

Are you interested in admission to a top-ranked American University even if you have not yet mastered English? Combine ELS study with two years at an ELS partner community college followed by two years at a top-ranked university to realize your higher education dreams.

BENEFITS OF THE ELS 2 + 2 PATHWAY:

- » Lower tuition fees than 4-year institutions. (save up to \$35,000 per year, in comparison to studying the first two years at a University of California [UC] campus)
- » Smaller class sizes with more individualized attention and professor interaction.
- » Credits earned with the advice of your advisor will transfer into UC and California State University systems.
- » Guaranteed admission to six UC campuses and other top out-of-state universities for community college graduates meeting set criteria.
- » No TOEFL or IELTS required; satisfy the English proficiency requirements at ELS Language Centers, with 11 centers nationwide and two in California.

Discover our partner community colleges:

WHAT ARE OPT (OPTIONAL PRACTICAL TRAINING) AND CPT (CURRICULAR PRACTICAL TRAINING)?

International students (F-1) in the USA can work short-term through Optional Practical Training (OPT) and Curricular Practical Training (CPT). OPT allows up to 12 months of work in their field after graduation or after the first academic year. STEM degree holders can get up to 3 years of OPT. CPT offers internship or practicum experience related to a student's major; it is tied to the program and a specific employer, and must be completed before graduation.

ELS COLLEGE YEAR PROGRAM

Experience a transformative college year abroad in the USA with ELS's College Year Program! Start your English language learning journey at ELS San Francisco, North Bay, located on the beautiful campus of Dominican University of California.
